Wine and Drinks List

Here at Restaurant 22, our sommeliers have carefully curated our wine list with a selection of wines from all around the world. We are pleased to work with the Coravin™ System so we can offer a range of fine wines by the glass.

We work alongside a range of independent local suppliers who continue to support us as much as we support them, and consistently provide us with adventurous and exciting wines.

This includes Grape Britannia who specialise in British and source us wines from some of the best English vineyards, including a few which aren't too far from us!

We also use Cambridge based Thorne wines who have worked with us since the very beginning. Thorne specialises in wines from Spain and South Africa in particular, as well as many other countries around the world.

At Restaurant 22 we feel very strongly about the use of English wines, our ethos of using local and sustainable ingredients including grapes as well as food. Whether it is English or international wines the team will help you to select the ideal bottles to compliment all the chef's hard work. We hope you enjoy drinking them as much as we have enjoyed choosing them!
